foneplus cellular

Coverage area currently includes Downtown, the villages, Harbour Ops and the Air Ops area.

GSM MobileService

Provides national and international voice, SMS services and GPRS/EDGE mobile data. foneplus cellular is a prepaid service.

foneplus cellular tariffs

- Local calls 11¢/min (also for incoming from DSN and international)
- Local SMS 4¢
- International calls 105¢/min
- International SMS 22¢ (incoming SMS are free)
- Mobile Data – 125Mb/30 days \$10
- Mobile Data – 250Mb/30 days \$15
- Sim Card \$10

Mobile Data

Mobile Data offers always-on access to the internet and your emails. It is ideal for use with many Apps such as Chikka, YM, WhatsApp, Line, Viber & Skype (chat only). It is not designed to replace your residential broadband connection.

Data is provided in bundles of 125 MB or 250 MB. They are valid for a period of up to 30 days. When you use up your data allowance or exceed 30 days, just activate again.

You need to configure the data settings on your handset to use mobile data. See our Mobile Data leaflet or go to our website www.sure.io for details.

Voicemail

Voicemail is available with foneplus cellular. To activate, dial 171.

- Voicemail retrieval costs 2¢/min

How to Top up

Top-up your credit using cards from the vending machines or visit the Sure office

To top up your credit using a card from a vending machine, dial 177 and follow the voice prompts.

Handsets

We have a range of low-cost handsets available in our shop (typically \$100 - \$200)

- People are welcome to bring their own GSM handsets to the island
- foneplus cellular is a GSM service. US handsets, must be GSM and QUAD-BAND to work on DG (not CDMA, e.g. Verizon in US),
- If you bring your own handset, it must be UNLOCKED. Any handset which is locked to a foreign network will not work.
- Bring your handsets in to the Sure office and we can check if it is compatible.
